

REMARKS

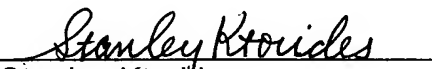

In the Office Action the Examiner has required restriction to either claims 1-8 or to claims 9-17. This restriction requirement is respectfully traversed.

This patent application is a divisional of Serial No. 10/436,071 filed May 13, 2003, now U.S. Patent No. 6,742,342 dated June 1, 2004. In the filing papers of this patent application claims 1-14 were cancelled leaving only claims 15-17 pending in the application. A copy of the relevant filing paper is attached hereto in support of these facts.

Accordingly applicants respectfully submit that the restriction requirement is not properly applied or, alternatively, that applicants have already complied with the restriction requirement.

In view of the foregoing applicants respectfully request that the application be reconsidered, that the restriction requirement be withdrawn, and that all of the pending claims be allowed.

Respectfully submitted,
